Auto Elite Group is widely recognized to be among the best in quality, reliability, value and customer satisfaction in both sales and service. We hand pick each and every one of our cars as if they are our own. We separate ourselves in the auto industry by providing one on one personal service to each and every one of our loyal clients. We focus on building relationships, personal integrity and always being honest and true to our customers. We have developed a niche market in that we personally know and each and every car and we have executed all of the homework for you, so you can rest assured you are getting a clean, reliable car that we would put our own family in. We also take the time to see what your needs and expectations and help you with your car buying experience. Our foundation is our relationships that we build, and our products are bar none in comparison to other competitors.

We have evolved our business to revolutionize the car buying experience. We are a growing, family run business that goes the extra mile with personal service and attention to each and every vehicle that we sell. We only sell ultra clean vehicles, everything from modern luxury cars, exotics, muscle cars etc.. Once our vehicles are detailed and serviced they are kept in our beautiful showroom just as you see them being displayed on our website. Our showroom consists of over 5000 square feet. The showroom is air conditioned, climate controlled and under 24 hour security surveillance.
